PROFILE

As I am a 2nd-year Computer Science student | Learning frontend development| Java and C programmer | Seeking internship opportunities to apply and enhance skills | Enthusiastic about solving complex problems and contributing to innovative projects.
Open to collaboration and eager to learn from real-world experiences.

EXPERIENCE

CODSOFT

VIRTUAL INTERN | 1 MOS

HTML | CSS | JAVASCRIPT

- Directed virtual web projects at Codsoft, employing HTML, CSS, and JavaScript for dynamic websites.
- Collaborated remotely with senior developers enhancing interfaces and troubleshooting seamlessly.
- Showcased proactive learning and adaptability in virtual settings, driving Codsoft's project success.

PROJECTS

- simple calculator built using HTML, CSS, and JavaScript! This internship project was a great opportunity to practice my front-end development skills and dive deeper into JavaScript functionality. With a clean user interface and basic arithmetic operations, it's perfect for everyday calculations. Check it out and let me know what you think

- landing page-(e-commerce project) using HTML and CSS! Through this project, I've honed my skills in front-end development and gained valuable experience in building user-friendly interfaces.

- Instagram clone website with loging page and profile page.
